The rise and fall of the British Empire / A lion in the sun: a background book on the rise and fall of the British Empire.

Traces the history of the British Empire from its birth in the late 18th century to its decline and fall. The book provides a detailed account of the British Empire's rise to power, its expansion, and its eventual decline. It explores the political, economic, and social factors that contributed to the rise and fall of the empire, and examines the impact of the British Empire on the world.

The British Empire was one of the most powerful empires in history, spanning over 400 years and encompassing a vast expanse of territory. It was known for its military prowess, economic power, and cultural influence. However, the empire was not immune to internal conflicts and external challenges, which eventually led to its decline and fall.

The book is written by a historian who has devoted their career to studying the British Empire. The author draws on a wealth of sources to provide a comprehensive and nuanced account of the empire's rise and fall. The book is accessible to a wide audience, making it an important resource for students, scholars, and anyone interested in the history of the British Empire.
This is a good book; and it is illuminating, but it is not altogether convincing. The advocates are therefore discounted, and Joseph Howe comes away with the lion's share. This content downloaded from 66.249.65.109 on Sun, 25 Oct 2015 19:44:39 PM.

A. Lion in the Sun: A Background Book on the Rise and Fall of the British Empire. Britain's Noxious History of Imperial Warfare by John Newsinger.
