John Wesley

John Wesley was a Church of England cleric and Christian theologian. Wesley is known for founding Methodism, a branch of Christianity. He was born on June 28, 1703, in Epworth, Lincolnshire, England, and died on March 2, 1791, in London, England. Wesley was a key figure in the Great Awakening, a religious revival that took place in the British colonies in America in the 18th century, and it also had a significant impact in England. He was a prolific writer, and his works include sermons, theological treatises, and a journal that provides a detailed account of his travels and religious activities. Wesley's impact on religious and social reform has been enduring, and his ideas continue to influence Christian thought today.
